

COURSE TRAINING AND TUITION

EFDA TRAINING CAN TRAIN AND CREDENTIAL DENTAL ASSISTANTS FOR THE STATE OF FLORIDA

Advantages to Get Certified in Expanded Functions with EFDA Training, LLC

- ✚ We train at our Stuart, FL location using manikins to teach each skill.
- ✚ We offer training for any or all expanded functions for the State of Florida.
- ✚ Our faculty/student ratio is 1:1 or 1:2.
- ✚ The dental assistant will contact us for a training date(s) and course needed. Courses are offered on a Friday or Saturday.
- ✚ If the dental assistant is traveling from out of town, we will accommodate a consecutive Friday/Saturday course.
- ✚ All training dates will be verified prior to registration.
- ✚ A dental assistant will register and pay tuition for the course(s) and we work with the assistant to complete the online materials, prior to the training date.
- ✚ The online exams are learning tools. If the participant misses a question they will be redirected to answer correctly, achieving 100% on each exam.
- ✚ At the end of the training date we give the dental assistant the expanded function certificate listing each skill certified.
- ✚ **Don't wait for courses that may get cancelled.**

EFDA TRAINING OFFERS THE FOLLOWING FIVE COURSES

1) RADIOGRAPHY CERTIFICATION COURSE

1/2 Day Course
